### Superintendent's Highlights

A very dedicated certified staff will be returning as a team for another year. Two new teachers will be joining our staff due to increased student numbers. The core team continues offering quality education to the Hansen students.

Construction of the new Vocational Building will be complete during May of 2000. With increased relations between neighboring districts and the formation of ARTEC, our students will be afforded greater career and educational opportunities.

We continue to showcase our drama and music programs. We are fortunate to have the combination of gifted instructors and talented students, adding strength to our fine arts programs and our overall curricula.

### Progress Towards Meeting District Goals

1999-00 Goals	Progress
Vocational Opportunities	With the creation of ARTEC and better communications with neighboring school districts, our students will have significant increase in vocational opportunities.
Drug Free Schools	Drug testing of extracurricular participants was successful as a positive deterrent to student involvement. While not completely successful in totally eliminating drug usage, it is a viable tool in promoting a drug free school.
Safe Schools	A group of determined teachers have constructed crisis intervention plans to help Hansen become a safer school.
Teamwork	A tremendous staff will be returning for another year. The success rate of our past and present students is an indication of dedicated individuals and the importance of education.
